CXT Software Strengthens Development Staff

Phoenix, AZ – December 20, 2007 – CXT Software, a leading edge provider of same day and expedited delivery software has announced that Shawn Parent has been hired as a Software Developer.

Mr. Parent will support the development team at CXT Software on custom development for existing clients as well as new products to add to our existing software suite. “Shawn will immediately provide an impact on our new product development. He brings with him immense knowledge in all new development and application tools, and will aide in CXT Software’s continued leadership in the courier solutions space. CXT Software is excited to continue to hire the best and the brightest to further our growing application suite that will enable our customers to deliver superior service to their clients,” said Derek Figg, VP of operations for CXT Software.

Shawn, a native of Arizona is a 2005 graduate of DeVry University with a degree in Computer Information Systems. He previously worked as a software engineer for a medical software company.
