

-FOR IMMEDIATE RELEASE-

CXT Software Expands Development Team

Phoenix, AZ, July 2, 2010. CXT Software, a leader in providing automation technology to expedited delivery and last-mile distribution businesses, announced today that Gary Phillips and Zann Anderson have joined its development team.

“Gary and Zann are welcome additions to CXT Software’s development team,” according to Derek Figg, CXT Software’s Vice President of Engineering. “Both of these gentlemen bring knowledge and experience in the latest software technologies that will enable us to keep our products, and our growing customer base, at the head of the pack.”

Gary Phillips is a native of Arizona and recently returned to the Phoenix area with his family after living in Ohio for several years. When Gary is not writing code, he enjoys spending time with his wife and daughter, playing games, and reading. He is also in the process of writing his first novel. “I am excited to join the team at CXT Software” Gary notes. “I look forward to helping the development team continue to deliver amazing products.”

Zann Anderson has spent most of his life in Utah, and currently resides in northern Utah with his wife and two children. Zann enjoys outdoor activities such as bicycling, running, and swimming. He holds a Bachelor’s degree in Computer Science from Utah State University, and completed additional graduate coursework. “I’m really excited to be working at CXT Software,” Zann adds. “As a developer, I feel I am in an ideal situation to help shape the future of the software I’m working on as well as the company that I’m working for.”

About CXT Software:
